Re: ROPSSAA Winter Season Postponement

Hello,

With the decision by the Ministry of Education and Provincial Government to pivot to virtual learning for two weeks among other restrictions, ROPSSAA, in discussion with both Peel District School Board and Dufferin-Peel Catholic District School Board, have decided to postpone all events scheduled during the month of January.

ROPSSAA will continue to monitor government and public health guidance. Further postponements or cancellations may occur because of government restrictions.

When a return to play is possible, relevant league structures will need to be altered in accordance with OFSAA entry deadlines. Once new structures have been confirmed, communication will be sent to all participating schools. The possibility exists that advancement to OFSAA will not occur based on government restrictions and public health guidance. Non-OFSAA leagues and events structures may need to be adjusted as well.

We apologize for the inconvenience and understand the frustration this causes; however, these decisions are being made in the best interest of safety for all participants.

Take care of yourselves and take care of each other.

Thank you.
