**Re:** 2020-2021 Playing Regulations

---

Hello,

I'm sure many of you are wondering if and how ROPSSAA Athletics may return. There is currently no timeline for return to play activities. ROPSSAA will wait until the Ministry of Education and School Boards determine how and when students will return to facilities prior to coordinating a return to play.

Due to the COVID-19 Pandemic and the uncertain future of return to play guidelines in the Province of Ontario, ROPSSAA Council will suspend the strict enforcement of processes for changing sport playing regulations for the 2020-2021 School Year. This will allow ROPSSAA to adapt playing regulations and events to meet provincial and school board health guidelines when they become available.

ROPSSAA Council appreciates your patience and understanding in this matter. We all want students and staff to be able to return to activities confident that their health and wellbeing is the top priority.

Thank you and be well.
